alert! AHF establishes Disaster Relief Funds to assist victims of Hurricane Katrina and severe flooding in Szekler regions of Transylvania. 100% of proceeds go to victims and programs supporting the rebuilding and relief effort.

TARGET: Transylvania Flood Disaster. Focus: Long-term

On Tuesday, August 23, 2005 a huge flood swept through Szekelyland, Transylvania, causing catastrophic damage. It is estimated that over 1000 homes were completely destroyed covering villages in 7 feet of mud.

Thankfully, many organizations have sprung into action to provide immediate relief, such as the Red Cross and United Way-Hungary. AHF is trying to focus on the

longer-term rebuilding needs of the community to help ensure the survival of these historic Hungarian communities. AHF is sending a volunteer

delegation to the affected areas to assess what specific needs there are. Once identified, AHF will work with large companies to seek donations of equipment and also purchase specific items for the re-building efforts from water pumps, to hammers and nails
